

2010 LEAGUE LIST

A, B, and C flight designations and an Instructional League are based on skill level. League format will be Individual Stroke Play.

We are excited about what the 2010 season has to offer! We invite you to be involved in the leadership of your leagues and encourage you to find a way to contribute your talents. We are always open for suggestions. What you get out of EWGA is a function of what you put into it. There are many offerings in addition to league play. Please do your part in making this season another successful year.
