
Flex Scheduling for Match Play

Flex scheduling was introduced several years ago to enable greater participation from those members who would be otherwise unable to enter due to vacation priorities. Flex scheduling is used to allow more members to participate in our match play events which can extend to several weekends.

The Tournament Chairperson will notify players by email of the match pairing and a completion date requirement for the match. The players will then schedule the match at a mutually agreed upon time and notify the chairman at least 5 days in advance. The players will be responsible for making the tee time with Boundary Oak. Each player must be copied on all emails relating to the match.

If the players cannot agree upon a date prior to the deadline, the match will be scheduled on the required completion date. Failure to meet this date, will result in forfeiture of the match.

At the conclusion of the match, both players should sign the scorecard and the winner is responsible to take a picture of the completed scorecard and email it to the chairman. Simply reporting the match result is not adequate.

Here are the deadlines for completing matches for 2019:

Club Championship (T7)

Round 2, Sunday, June 2, 2019

Round 3, Sunday, June 16, 2019

Final Round, Sunday, July 7, 2019
